Post Office Department, Ottawa.

GLEICHEN, ALBERTA, WEDNESDAY OCTOBER 22, 1947

SUBSCRIPTION \$2.00 PER YEAR

## Report of Regular Meeting of The Town Councillors

The regular monthly meeting of the town council was held recently. The matter of irrigation water for the Blackfoot Indian Reserve was left in abeyance for the time being since a more extensive scheme was considered.

A letter had been received from the lawyers outlining an agreement with Mr. McAdoo who wants to supply the town with gas. The agreement called for a sum of money to be paid to him by the town and it was suggested that a sum should be around \$200. The council agreed to this and will ask Mr. Medhurst to deposit that amount or more.

A letter had been received quoting various rates of insurance for town liabilities and were a follows:

Public liability and property damage on such as sidewalks \$50.  
Swimming pool liability \$15,  
property damage \$4.

Skating rink public liability \$8,  
property damage \$4.

The secretary was instructed to write and advise the town hall manager to complete policy and have this on hand for the next meeting.

The matter of a caretaker for the fire hall was gone into, Engineer Lester was delegated to see Mr. Young if he would look after the place.

An application had been received from the United Church to have new connections made with its manse. This application will be granted and the work will be done as soon as the necessary equipment is available.

The secretary was instructed to write the Athletic Club and advise them that the town will back the rink on a similar basis as last year provided the Athletic Club supervises it properly.

## Do You Remember 20 And 40 Years Ago

Chris Bartch has been down from Calgary several days looking after his farming interests. He is still greatly interested in the town. J. M. Tolson has arrived from New Westminster, B. C., to look after his interests in the town and district.

Sunday proved the finest day for driving and grazing season, but not until Monday did the weather clear up and snow and next morning there were six inches of snow and more was reported from different parts of the district.

S. Berger of Shoultice reports his oak crop went 115 bushels to the acre.

Ninety percent of the threshing has been done in the Shoultice area, to date, consequently only a few farms can give reports of the yield of their farms.

The potato crop in this district is unusually large. All root vegetables are in abundance.

Streetham and Gleichen teams clashed in a draw at St. Leonid ground. A draw of ten Gleichen players were Tom Maus, Hugh James, R. McKay; P. Beach, C. Dogstie, W. Bogie, C. Brown, Robinson, L. Maclean, M. Brown, J. Cook and H. Hill.

The Women's Wing of the Gleichen Evangelical Home of the Salvation Army was formally opened by Adjutant Stewart of Edmonton. A delightful service was conducted by the ladies who served tea. Mrs. R. Brown, accompanied by Misses Beach, H. Bates, Yates, G. T. Jones and Michael assisted.

Bob Staabek and Dan MacDonald were up to Calgary Sunday showing the "trot" which they had just sold.

A surprise party was sprung on Major Lewis the other night. The following were present: Mrs. Sather, Mr. and Mrs. J. J. Robinson, Mr. and Mrs. Frank D. Lovlin, Greer, K. Lovlin, K. Thomas, C. Ironside, E. Wood and Messrs. A. Cowie, V. Hamberg, Howes, Brewer, Byers, Wright, Pugh, Stevens and O'Farrell.

**FOOTBALL LEAGUE** - AGO Oct. 17, 1947  
S. D. MILLION J. J. MARSHALL and E. E. HENROT took in R. L. Borden's meeting at Medicine Hat last Thursday.

Messrs. C. J. Bray W. H. James, G. T. Beach and A. R. Yates were

## News Items of Local Interest

Mrs. E. Walker and her sister Mrs. Miller left last week for a visit to Wyoming.

Mrs. W. Service of Red Deer was a visitor to town last week looking after her property here.

Mrs. V. Green has returned home from hospital after recovering from an operation.

Mr. and Mrs. Alex Murray have moved to the new Daniels farm where they have resided for some months in the house they recently purchased from Mrs. M. Hoyle.

Miss Vanhorn who is on the staff of the Blackfoot Hospital has returned to her duties after an extended leave of absence.

Two teachers who recently joined the staff of the Gleichen schools are Mrs. M. Roberts, vice-principal, of Calgary, and Miss Nolof of Queenstown for grades 5 and 6.

W. H. James of Cluny was the successful tender for the barn at the school. His bid was \$205.

W. C. Chase, who came to Cluny 38 years ago and farmed there until a couple of years ago when with his wife moved to Calgary, was a Gleichen visitor for several hours Monday. Mr. and Mrs. Chase are now living in Portland, Oregon, to live as they feel the attitude of Calgary is a little to high for their health.

The Pre-Cathedral Church of the Redeemer (Anglican) Calgary has been broadcasting its Sunday morning services for some years over CFCH for the benefit of country listeners. They are now taking their broadcasts to the air at the same time but they are not yet sure they may not have to move because they are standing on the outside of the ropes. The teams who meet on Friday will be those two nut matmen Oscar Mossfeld and Bad Jack. The two local amateur middleweights in Canada, Indians Dave Jacobs and his partner, bantam Timoth, Bob Kitchen, Spencer Mould who lost to Bob Kitchen in the last match will get a chance to do it again Saturday night at the "big one" in his younger brother Chuck Kitchen. To make Friday's card more interesting there will be a boxing match between two local boys—Silas Wolf Collier taken on Kenneth Yeomans.

This match may be the starting of a boxing career for these two plucky Indian boys. For an exciting time Friday, be at the wrestling match.

**BUILD AND LET BUILD**

As far back as history begins, there have been persons who have stood in the way of progress; some for reasons mercenary others because of religious vision or natural narrow tendencies.

It is a matter of record that the builders of ancient cities and public monuments some of which still exist, were met by hundreds of obstacles placed in their way by visionaries who did not have the future interests of their communities and the world at heart.

This same condition may be applied to our community today. We see opposition to things we consider basic, because an economic improvement or would in humanity's safe give protection against sickness or the killing of many people. Here there should be no room for religious visionaries. We are building a nation of history and there should be nothing at this time to hamper progress.

The truth great men of all time have known is that progress is the product or helps to produce. The anarchist, who does nothing for himself or fellow men and thus interferes with progress is little better. Build and let build should be the motto of the day. It will certainly strange itself. There are many things to be considered in the building up of a community. Ten men can do more than one and when these ten men are organized in team action, their work can not only count for more than ten times but in fact, twenty times as much.

The securing of an elevator for Gleichen is now practically assured the following names have been added to the list: J. Ostrander, Mr. Morris, Mr. and Mrs. F. McLean, Mr. Beaupre, J. Johnston, D. Whisler, T. Henderson, M. Shaw, A. Wallace, J. Jacques, W. Evans, W. McKie, E. Riley, T. Beach, J. Renaud, C. Miller, F. Blackburn, A. Yates, G. Hunter, J. Walker, Po and Young.

quick and decisive action. In March after three years' service during which he was wounded at Vimy Ridge and Lens.

As newspaper reporter, author of several books, and lecturer he became well known throughout the continent as he had won in his younger days for his racing and boxing. Then he was given the leading part in "The Silent Enemy," a motion picture of the life of a Canadian soldier and here he has shown the travelled and sophisticated man above the actuality of a dual Indian personality. "All I did in that picture was very real. At times I felt suffocated within me all the things that had

been done to us, and seemingly within me were the spirits of our people of sixty thousand years ago—simple, true, defiant, assertive of all the loftiness of character which we once possessed. And the other Indians felt it too, and at times when I acted they too, openly cried."

There is something of the calm majesty in the language used by Indians presenting their views to the public.

"We the Indians, Chiefs of the Six Nations Reservation, and the band, assembled to a great council fire beg to approach the Dominion government. The eightieth birthday

## When I look at our Savings Bonds... I see a modern kitchen

WHAT WOMAN doesn't want to improve her home... whether she lives in city or country?... Kitchen, bathroom, living room, playroom, verandah... there is always something that can be done to make work easier, life more comfortable. But such plans take money—and most women want to be sure they can be properly carried through before they start.

That means savings, and that's where Canada Savings Bonds come in. You may purchase up to \$1000 in any one name. They are as safe as Canada, and may be cashed at your bank at full face value any time. They pay 2 1/4% interest for good measure, and are registered in the owner's name for protection in case of loss. They may be bought for cash or on easy instalments.

The whole family can get behind your plans to make your dreams come true with Canada Savings Bonds. Consult your bank or investment dealer today.

You'll never be sorry you saved!

**Canada Savings Bonds**

SECOND SERIES

## An Excellent Example

**INCOME LEVELS IN THIS COUNTRY** have risen steadily in the past few years. Farmers' incomes have had more money to spend than ever before. This period of prosperity has followed in the wake of the depression of the 1930's and for many people it has been the first time in almost a decade that they could adjust their living standard to an adequate income. This is true of farmers as of other classes of workers. In Western Canada, drought as well as the depression had created an economic disaster which will never be forgotten by the people here. At that time it was impossible for farmers to meet all their financial obligations and many of them were forced to go deeply into debt.

### Figures Given For Farm Debt

In 1939 the prairie farm debt, including arrears in mortgages, taxes, relief advances, and money owed to merchants and banks, was estimated at \$85 million dollars. This was a very large debt, when considered in relation to the size of the population of the prairie provinces. At that time it was estimated that the amount owed for mortgages, taxes, and relief advances alone exceeded \$25,652,000, Saskatchewan \$9,367,000 and Alberta \$38,734,000. At the end of 1940, however, this debt had been reduced to \$52,035,000, with Manitoba owing \$7,479,000, Saskatchewan \$33,879,000, and Alberta \$10,677,000. These figures, which are given by the Dominion Mortgage and Loans Association, show clearly that the farmers are wisely using their increases in income to reduce their debts and to consolidate their financial position.

White figures are available only on the amount by which the total farm debt has been reduced. It is assumed that the rest of the farm debt has likewise been substantially cleared. In fact,

it is considered probable that farmers would pay their accounts to merchants, municipalities and banks before commencing to pay off their mortgages. Although the figures available do not give the exact opinion that the total farm debt for the prairie provinces may now be less than \$27,000,000. In using his increased income to thus reduce his debt and strengthen his financial position the prairie farmer has set an excellent example to the rest of Canada. Perhaps better than anyone else, he realizes that the time will come when all the factors that in his case unfavorable climatic conditions can seriously affect his income. It would be well indeed, if everyone in Canada was using the present period of prosperity to the same advantage as is the western farmer.

### WATER IN THE EAR YOU MAY NOT HEAR

If you have ever been in a boat, you know how careful where and when you go in the water, say the National Health wardens. Water may get into the ear one year and may allow the entrance of infection the following year. To prevent this, the ear should be dried after swimming.

It is suggested that those who wear hearing aids consult their family physicians as to the advisability of taking part in aquatic sports.

## Australia Seeks More Exports To Canada-U.S.

### To Help Government Bridge A Forty-Five Million Dollar Trade Deficit

CANBERRA.—A drive to increase Australia's exports to North America will be launched by the government to help bridge a trade deficit of some \$45 million remaining after the cut in imports from North America in the first three years.

John Gedman, minister for post-war reconstruction said Australia's production would be improved if an outlet could be found for the surplus of Canada for the sale of manufactured products.

After from time to time another member of cabinet said the government might have to apply further dollar import controls, beyond the \$40 million reduction in late August, John Chifley was reported to have warned ministers there was no place for such cuts unless they were ordered by the Cabinet.

Premier Chifley was reported to have warned ministers there was no place for such cuts unless they were ordered by the Cabinet.

### Woman Starts Bird-Nest Flock

MEETING CREEK, Alta.—Miss Anna Kasa has started to trap nests of birds in the hills around her home. She entered the poultry business only two years ago and already has attained a reputation for the high standard of hatching eggs her breeding stock has been producing. The woman has asked Miss Kasa to trap-nest 120 pullets, in line with its policy to promote the raising of pedigree stock in Alberta.

### BLESSING OF WORK

Charles Kingsley once wrote: "Thank God for work, because when you are up the hill you have something to do; that which must be done whether you like it or not."

**GENEROUS**—Miss Dorothy Murphy, head of the welfare department of the Canadian Parks Board, who is investigating committee claims, is an "amateur," though she considers the city \$22,000 a month. Her relief hat is a feathered one. She is a member of the board whose home is in the Norwalk city directory, the committee reports, could walk into the welfare department and get a sturdy meal with cash. The report cited several instances: one "unemployable" received \$100 a week; another was helped to purchase a new car; and related—with no more questions asked—was doted out as much as \$100 a week.

### Building Constructions Across The Prairies

A \$40,000 technical school is to be erected at Lethbridge, Alta.

The Alberta Wheat Pool is rebuilding its 60,000-hundred bushel elevator at Three Hills, Alta.

Work has commenced on an industrial building manufacturing plant at St. James, Manitoba.

Plans are being prepared to build an \$80,000 animal disease laboratory at the University of Saskatchewan.

### Sale Of Registered St. Ardeane Angus Cattle

The sale of the last James Town, Carroll, Manitoba, the twenty miles south of Brandon, was held yesterday at 1:30 P.M., stands dimly observed the registration of the St. Ardeane Angus cattle comprising about fifty head. These cattle are the descendants of the famous Karama 2nd of Glencairn.

The sale was a good-looking blonde, and when her tire went flat she called a passing motorist. He stopped.

"I wonder if you'd help a girl in trouble?" she inquired.

He said, "Sure, Sister, what kind of trouble do want to get into?"

The new vicar had preached his first sermon, and a critical member of the church, an exceedingly fat man, waylaid him after the service.

"Not a bad beginning, sir," he said, patronizingly, "a bit too scientific and modern perhaps; but quite fat. Remember, parson, you must feed the sheep."

The vicar surveyed his bulky critic and replied, "My dear man, it's exercise you need, not food."

The vicar was the cause of the collision at that corner to-day?

Jim: "Two motorists after the same pedestrian."

A motorist was driving through a busy town when suddenly, like a dream, one of him turned down a sidestreet without warning.

Narrowly escaping a collision, the angry motorist shouted, "Why didn't you hold up your hand to show you were going to turn?"

"Don't talk so fast," replied the driver. "I always go down that street!"

### FOUNDRIES BUSY

More than a dozen foundries in Canada with an annual payroll of over \$6,000,000 are engaged in the manufacture of brasses and copper-taps, valves and other plumbing supplies.

## FUNNY And OTHERWISE

He: "I must apologize for my manner. I'm a little stiff from badminton."

She: "My dear man, I don't care where you came from."

"Women certainly haven't any consistency."

"What's the matter now?"

"We've chased me out of the house with the broom this morning and then cried because I left home without kissing her goodbye."

"Did you ever tell me how wonderful you are?"

He: "No, I don't think anyone ever did."

She: "Then I know to whom you get the idea."

"Do you like my medicine?"

"A wonderful remedy, doctor. I took three spoonfuls and my cough went. I rubbed three spoonfuls into my shoulder joints, rheumatism, and the rest we used to clean the silver."

Film Director: "Don't forget now. You look around, discover that someone is chasing you and then drive off this way or that."

Stunt Man: "But there's only two feet of water at the bottom!"

Director: "Certainly. Do you think we want you to drown?"

"I say, my dear," said an experienced mother, moments after the regressive revelation, "wouldn't you have got an enormous blister on my tongue?"

"Yes, I expect you would," replied his wife. "You would insist on drinking my health out of your hotwater bottle last night."

"I don't like the looks of that halibut!" said the lady customer.

"Lady, it's looks you're after, why not buy gold fish?" naked the market man.

She was a good-looking blonde, and when her tire went flat she called a passing motorist. He stopped.

"I wonder if you'd help a girl in trouble?" she inquired.

He said, "Sure, Sister, what kind of trouble do want to get into?"

The new vicar had preached his first sermon, and a critical member of the church, an exceedingly fat man, waylaid him after the service.

"Not a bad beginning, sir," he said, patronizingly, "a bit too scientific and modern perhaps; but quite fat. Remember, parson, you must feed the sheep."

The vicar surveyed his bulky critic and replied, "My dear man, it's exercise you need, not food."

## Canada's Tourist Resources Are Barely Scratched

FORT WILLIAM, ONTARIO.—The tourist resources of this country have barely been scratched and now is the time to lay the foundations for future developments, J. G. Perdue of Ottawa said in an interview here.

Mr. Perdue, member of the National Parks Board Division of the Mines and Resources Department, who is attending the second annual convention of the parks and recreation Association of Canada here, said that in 1939 the Dominion's parks were expected to establish a new high in the tourist trade.

Explaining the nation's vast possibilities in the travel industry, he will hinge on good roads and low-priced family accommodations within the reach of the average working man's pocket book, Mr. Perdue said.

"UM-M-M! WHAT A FLAVOR-LIFT"

### THE TILLERS

SAY BARNIES, THE ROOF'S LEAKING PRETTY BAD—DO YOU LIKE IT? FIX IT."

TILLER SAYS: "I'D LIKE TO TELL YOU, I'M GOING TO GET A NEW ROOF ON MY BARN SOON."

MR. TILLER: "I'D LIKE TO TELL YOU, I'M GOING TO GET A NEW ROOF ON MY BARN SOON."

WELL, HUNK, WE GOT THE TEEZY PUMP FIXED NOW, WELL, A LOT OF FIN' THE TRACTOR IF YOU DON'T MIND, I'D LIKE TO GET A NEW ROOF ON MY BARN SOON."

MR. TILLER: "I'D LIKE TO TELL YOU, I'M GOING TO GET A NEW ROOF ON MY BARN SOON."

MR. TILLER: "I'D LIKE TO TELL YOU, I'M GOING TO GET A NEW ROOF ON MY BARN SOON."

MR. TILLER: "I'D LIKE TO TELL YOU, I'M GOING TO GET A NEW ROOF ON MY BARN SOON."

MR. TILLER: "I'D LIKE TO TELL YOU, I'M GOING TO GET A NEW ROOF ON MY BARN SOON."

## Looking Into the Matter . . .

You'll find that EATON merchandise has dependency as well as the kind of dollars and cents value Canadians demand.

One of the reasons—an important one—is the EATON BUREAU. Staffed by a group of chemists, textile analysts and technicians, it has been able to analyze the goods described in the huge Mail Order Catalogue. The catalog is too small, nothing too large to merit the Bureau's closest attention. It is the EATON Merchandise and buyer alike, to a very solid reason why . . .

IT PAYS TO SHOP  
AT EATON'S

T. EATON CO.  
LIMITED

EATON'S

Sorring, so often accepted as inevitable should receive medical attention. In a bulletin, the health authorities state that smoking is the most common cause of nose blockage and that persistent smokers should seek their doctor for corrective measures.

## Town & District

A gold strike in Gleichen? Why, they say, secretary is sporting nine nuggets; and they range in size from bucketful to a large bean. There is no mistake about this since the writer actually saw and handled the nuggets. Bill says he found them in his garden!

Prosperity Avenue is being given a coat of gravel. The cost of removing the top soil needed for a long time. Every time rain fell and made the street slippery cars were almost sure to slip into the ditch and get stuck. When the job of graveling is finished the auto drivers will be able to gallop up and down the street with the assurance they will get to their destination by car and not by foot.

The Athabasca Club will hold their annual meeting this evening at 8 p.m. in the town office. The purpose of the meeting is to elect officers and prepare for the coming season at the arena. Anyone interested in the skating rink is invited to attend.

### ST. ANDREW'S CHURCH

Assistant Director,  
Linen and Fibre Service,  
Winnipeg, Manitoba.

### Seed Showmanship

Western Canada has established a tradition of a world-wide reputation for the production of high quality grain in all kinds. Let us become compleat, it should be noted that these laurels have not been won without considerable effort.

Seed shows, large and small, national and international, are recognition of an excellent method of stimulating an active interest in good seed and crop improvement. Shows of this kind have a definite educational value in themselves. Crops which should be displayed and competitive spirit, as well as the urge to improve, The Ideal-Exhibit. Many farmers, at this season of the year, begin to think of the coming year and the experienced exhibitor this will mean many hours spent in careful preparation. The ideal exhibit consists of a large type of seed, variety, and as nearly alike as possible size, shape and colour. The whole sample should present a strong, compact, round appearance. It should be free of all weed seeds, foreign material and other impurities. The seed should be free of disease or unwholesomeness (withering, machine damage, sprouting, etc.) and should be clean.

*Seed Show Officer.* This year the Western Provinces are making a special effort to have a large and representative group of exhibits at the Provincial Fairs.

The Provincial Departments of Agriculture will pay the shipping expenses of entries sent to the provincial fairs. In addition, certain provinces will supplement the prize money won by successful exhibitors. Provincial agricultural departments should write to their Provincial Department of Agriculture for prize lists and further information.

Meanwhile, here the Home Seed Show is being held at Toronto, with entries closing October 24th, and the International Hay and Grain Show at Chicago will enter on October 10th.

A large entry of especially promising entries will help to further Western Canada's reputation for the production of high quality seeds of all kinds.

**CANADIAN INDIANS**

wampum may be only strings of cheap colored beads but to Indians its long white line parallel to the red one symbolizes Justice in peace time just as the red line means Protection in war time for our red brothers who buried their tomahawk, now rusts."

One band asks that industrious and competent Indians should be released from the permit system which hampers their business of trading; others want old age pensions, tax relief, no objection is taken to taxes on money earned off the reserve if Indians are given the same rights as white men. Spokesmen ask for full control of Indian lands, complete freedom from land taxation, more autonomy, abolition of denominational schools, social services, and more power over the use of their own hand funds. In refusing to approve taxation of Indians the Bloods comment finally: "The taking of the whole

## OUR ROOM

Always in the morning it's very first thing,

Larry hits Joney with his sledge

sledging song. Tubby declares that the world's not

treating him right, it wasn't his fault that he got in

that hole. Anne gets some paper in John

Striker's desk, and Mary tears up Dee Dee Bugle

test.

Billy throws his tennis ball out in

the bushes. Dick looks at Conne and says "Hello

Eyes."

"Gimme my ruler" says Ken with a

snatch.

Anne sticks her tongue out and says

"Why not?"

Over on the Isle and across the room

Toms gets hitting over the head with

a broom.

Iris and Laura are in the midst of

a fight.

With the whole room dotted with

paper walls is such a sight.

Bang goes the light bulb and why

not?

Harvey just hit it with his blessed

shot gun.

Indy bounces a bubble with her

bubble gum.

Both breaks and leaves a ring on

her thumb.

Connie throws ink all over the floor.

Jenney puts his hand up and says

"Teenies Sue swore."

"Teenies Sue" says Asa when he

has pray.

A day like this is it any wonder

teacher goes gray.

—By Francis McPhee, age 12.

the Dominion of Canada by the government should be sufficient taxes forever."

If there is something of a lament for the past in what the Indian says today, and a groping aspiration for better days to come, there is behind these sentiments a deep rooted loyalty to the Crown. Lying side by side with white comrades in fox holes of every battle front, the Indian found acceptance on a basis that brave men know. One family of the Canadian Mounted Police, the MacLeans, had a magnificent record.

The fathers served in the first war and in the veterans' guard in the recent war; his six sons and one daughter enlisted; two sons were killed and two wounded. The MacLeans' message to the Queen is the paralytic committee closed this expression of loyalty: "Long may we remain the children of our great white mother. Her Majesty our Queen Victoria."

It is the duty of the Canadian government for 1947-48 to meet its obligations and to succeed in the search for a honorable and thorough way of discharging the Dominion's responsibilities to the Indian people of Canada.

It is not enough to save the Indian from extinction, if the Indian Affairs Branch can provide a future for the Indian reach a new and more satisfying life, it will be a fine demonstration of practical democracy.

## CLASSIFIED ADS

**HOUSE FOR SALE** Small four-room cottage in Gleichen. Enquire J. B. McGuire, K.C., 52 Canada Life Building, Calgary. 34

**REAL ESTATE FOR SALE** ESTATE OF CHARLIE TELL, Deed, Lot 10, Block 3, Plan "Gleichen 200 ft." ## NOTICE TO CREDITORS AND CLAIMANTS

In the name of Walter Gallately, late of Gleichen, Province of Alberta, farmer, deceased.

Notice is hereby given that all persons having claims against the estate of the above named deceased, Walter Gallately who died on the 18th October, 1947, are required to file their claims under the Act by 1st day of December, A. D. 1947, a full statement, duly verified, of their claim(s) of any kind, with the Executor and the testator that death, the Executor will distribute the assets of the deceased among the parties entitled thereto according to the terms of the will or, if none, according to the laws of Alberta.

Walter Gallately died on the 18th October, 1947, J. B. McGuire, K.C., 52 Canada Life Building, Calgary, Alberta.

The school crest of St. Paul's shows against a background of mountains and a tepee, a youthful Indian gazing into the distance. Around the crest is a motto whose origin is lost in antiquity of western Indians: Muk-ki-ki-ak-akamit = Be Wise and Persevere." That is the spirit of young Indians today, and a motto fit for all who wish to help the Indians to find a better way of life.

**NATIONAL HEALTH HINTS**

These minor scratches and cuts which are so common, particularly when healthy young children are about, won't matter too much if they are given prompt and skillful attention. The family doctor will be glad to advise what first aid kit and home remedies should be used in hand for treatment of scrapes and burns and pricks. Early care and close liaison with the doctor is essential to safety in the home.

Eyeight which requires correction may account for poor grades of some school children doctors declare. The department of national health has pointed out that low standing in class does not necessarily indicate inferior intelligence. The department urges the co-operation of teachers and parents to ensure that children are given a fair chance, through adjusted eyeight where necessary to study and to avoid eye strain.
